Who we are

About the company

Twirain IT Solutions offers

**COMPREHENSIVE IT SOLUTIONS TO
HELP BUSINESSES SCALE & GROW**

Twinrain IT Solutions is an Enterprise IT Solutions Provider and ICT Consultancy.

A young and vibrant Enterprise Solutions Company that combines expert knowledge with up-to-date technologies to provide quality IT solutions for businesses in emerging markets.

Our **Vision**

To be the leading ICT firm in Namibia and the SADC regions, recognized for our excellence in technology, and commitment to superior customer satisfaction and success.

Our **Mission**

Our goal is to serve as a trusted ICT partner, driving the digital evolution of Namibian businesses and organizations. We offer reliable and innovative solutions that exceed client expectations, equipping them with the essential tools for a robust and resilient future.

Company Profile – What sets us apart

What sets **US** **APART?**

So much more than your average ICT firm, Twinrain Technologies Solutions is built on a foundation of innovation, expertise, and cutting-edge technology.

Co-founded in 2019 by a team of dynamic young Namibians, we have rapidly evolved to meet the unique technological demands of businesses and organizations in Namibia and beyond.

Twirain IT Solutions is a technology company that provides end-to-end mission-critical solutions for businesses that want to grow and scale their organisations.

Our company has a proven track record of success on projects like yours. We have the skilled team and resources necessary to complete your project on time and within budget.

- ☒ **Great Customer Experience**
You can relax and know that your project is in good hands. We'll keep you updated on every step of the process so you're never in the dark.
- ☒ **Reliable Tech Partner**
You can rely on our expertise and experience. You can trust us to always be there for you, your team and business, no matter what at all times.
- ☒ **EMEA Regional Footprint**
Have the confidence to do business across the EMEA region, knowing we are with you every step of the way to support your projects and IT infrastructure.
- ☒ **Innovative With Passion**
You will be working with people who love their jobs and care about their work. We believe in our products and will always continue to innovate.

Our Services

Navigating the digital world requires more than simply keeping up with the latest technology. It demands a comprehensive approach that not only solves immediate challenges but also anticipates future needs.

At Twinrain Technologies Solutions we offer a full spectrum of ICT services designed to elevate your business and secure and future-proof your digital infrastructure.

IT Support

We provide IT support services to help keep your business running smoothly.

IT Consulting and Support

We specialize in guiding Namibian businesses to new heights by developing and implementing tailored IT solutions that perfectly align with their strategic goals.

Software Development

We excel at crafting software that's more than just lines of code, creating customized solutions that streamline processes, improve user experience, and drive digital innovation.

We're a trusted Microsoft partner in Namibia, evolving from a leading license reseller to a cloud technology and digital transformation specialist.

Network Infrastructure

We create robust, secure network infrastructures that guarantee seamless connectivity and unmatched data protection.

Hardware

We provide a one-stop solution for IT hardware, covering everything from expert purchasing advice to reliable maintenance services.

Cloud Computing

Harness the power of the cloud with our scalable, cost-effective solutions for hosting, storage, and data

Connectivity

Stay connected effortlessly with our comprehensive range of high-speed internet and managed IT services.

Cybersecurity

Protecting your data is paramount. We offer advanced cybersecurity solutions to safeguard your business from digital threats.

Training and Development

Elevate your team's technical skills with our transformative training programs, designed to enable seamless technology utilization and confident navigation of the digital world.

Network Security

Fortify your network with our specialized services, designed to fend off unauthorized access and potential threats.
